

Budget Rally

The march began in front of the Mator Book store lawn and ended at "Manteca" lawn in front of Bayramian Hall, Wed March 11.

Pacific Islander student, Asena Taione (top) knows many Pacific Islander people don't go to school because a lot of them can't afford it. Taione wants to inspire people to do something about the education they deserve. Taione marches holding a poster with the message to unite students against the budget cuts, Wed. March 11.

Make a living by making a difference.

Landing a good job in a stable field doesn't mean giving up your dreams of helping others and making a difference that matters. The U.S. Department of Labor projects that psychology careers will grow much faster than average, with new job projections ranging from 20 to 48 percent over the next seven years alone. As the nation's oldest and largest graduate university focused exclusively on psychology and related fields, The Chicago School gives you virtually endless ways to put your passions to work and launch a stable and rewarding career. Visit thechicagoschool.edu to watch inspiring videos, learn more, and APPLY NOW for fall 2009.

- Earn a graduate degree from the nation's leading psychology university, regardless of what bachelor's degree you received
- Choose from traditional weekday classes, or flexible evening/weekend formats
- Receive unrivaled personal support in areas that range from admission to financial aid to career services
